

Quality control made easy.

**Linearity / Calibration Verification Daily Quality Control** 

**Product Information** 

# **AUDIT® MicroControls**<sup>™</sup>

# Making life in the lab easier.

AUDIT® provides value to customers through high-quality products, easy-to-use data management tools and unrivaled personalized service. Our partnership with Aalto Scientific, Ltd., a leading industry manufacturer for more than 40 years, enables us to offer significant cost-savings to our customers.

### **AUDIT®** is the ONLY Total Solution

- Linearity / Calibration Verification Products
- Daily Quality Control Products
- Auditor™ QC, Free Web-Based Instant Reports
- AUDIT® Ship, Free Customized Standing Order Service
- AUDIT® Faxback, Fax-Based Linearity Data Reduction Service

**Unique Analytes Available** 

Find what you need in this quick reference guide.

www.auditmicro.com

P: 866.25.AUDIT (28348) Eatonton, GA 31024 F: 706.485.2123

AUDIT® is within reach. It's accessible. This is what makes us different.

# **EASY ORDERING**

#### **AUDIT® Ship**

Provides unrivaled, personalized standing order autoship service; customized to your specific needs.

### **EASY & QUICK REPORTS**

#### Auditor™ QC See page 3 for details.

- FREE and easy to use data reduction software that provides "Instant Reports": data reduction charts graphs, statistics, and peer group data.
- · Web-based software, no downloads needed.
- · Online historic data retrieval.

#### **AUDIT® Faxback**

· Linearity / Calibration verification data reduction charts, graphs, statistics, and peer group data. Fax your results to our technical support department and we'll send back the analysis in approximately 1-2 business days.

### **SUPPORT**

#### **Customer Service**

Providing you with quality and efficient support for all AUDIT products and ordering information.

Providing you with quality and efficient technical support for all AUDIT products, Auditor QC data reduction software, and troubleshooting.

Call 866.25.AUDIT (28348) Fax 706.485.2123 Email orders@auditmicro.com Online www.auditmicro.com

**ORDER YOUR WAY** 

3 Services

# **Auditor™ QC Free Data Reduction**

Free Auditor™ QC tool for data reduction of your calibration verification and daily quality control results. Access the tool at <a href="https://www.auditmicro.com">www.auditmicro.com</a> and enter your raw data. Receive instant online analysis by analyte to print or store in our online database for future reference. AUDIT® Quality control made easy.

### Auditor™ QC Initial Login

Enter your existing Auditor™ QC Username and Password. If you are not a current user, simply click on New User and proceed.

### Input Report Information

Select the linearity or control product, lot number, analyzer, technician, date of run, and specific analyte with associated test results.

### **Review Reports**

Reports are immediately provided.

# Sample Report: Linearity / Calibration Verification

### 1. Linearity / Calibration Verification

Provides account information including: analyzer, analyte, date, lot number of material, etc. Data is stored on our servers and can be accessed 24/7.

#### 2. Linearity

Linear regression analysis of the recovered data includes the slope, intercept, and R-squared values.

### 3. Calibration Verification

Real-time, instant peer comparison graphs. Provides statistical information including: number of peer data points, peer mean, user mean, standard deviation, absolute value and percent variance between user and peer data.

# Sample Report: Daily Quality Control

# Company Name: Lab Name: White V Report Date Range Analyzer Model: AF Analyzer Name: S' Analyte: Procal

### 1. Daily Quality Control

Provides account information including: analyzer, analyte, date, lot number of material, etc. Data is stored on our servers and can be accessed 24/7.

#### 2. Historical User Data

Plots Levey-Jennings Charts for each level of control and provides the total number of data points, mean, 1 standard deviation and 2 standard deviations.

#### 3. Historical Peer Data

Compares Levey-Jennings Charts. Displays your data mean and standard deviation versus peers running on the same or similar analyzer platform.
